

Applications

- » Medium to high amounts of dust
- » For dust collected during cutting, welding and grinding processes
- » For all types and brands of extraction and filtration systems

Benefits

- » Easy integration also into existing systems of any type or brand
- » Highest possible health and safety protection with contamination-free dust disposal
- » Clean dust collection area
- » Productivity increase thanks to uninterrupted operation of the filter system and large capacity
- » Fast and easy dust disposal in BigBags, transportable via forklift

Properties

- » Connection of multiple filter systems or spark pre-separators to one system is possible
- » Automatic dust removal from filter systems
- » Continuous dust removal by vacuum conveyor
- » Controlled and monitored via the filter system

Accessories

- » Stackable BigBags

DustEvac Dust Removal System

- » Automatic dust removal
- » Contamination free
